

Look What's New! HP Micro Secure Digital Card

1GB MicroSD Card

L1880A
RoHS Compliant

Compatibility/Compliant Specifications

SD Memory Card Specifications

- Compliant with PHYSICAL LAYER SPECIFICATION Ver.2.00. (Part1)
- Compliant with FILE SYSTEM SPECIFICATION Ver.2.00. (Part2)
- Compliant with SECURITY SPECIFICATION Ver.2.00. (Part3)
- MicroSD Memory Card Specification Ver.1.00

Physical Characteristics

1. Temperature

1) Operation Conditions

Temperature Range: Ta = -25 to +85 degrees centigrade

2) Storage Conditions

Temperature Range: Tstg = -40 to +85 degrees centigrade

2. Moisture (Reliability)

1) Operation Conditions

Temperature 25 degrees centigrade / 95% rel. humidity

2) Storage Conditions

Temperature 40 degrees centigrade / 93% rel. humidity / 500h

3. Hot Insertion or Removal

PNY MicroSD Card can remove or insert without power off the host system described

4. Mechanical Write Protect Switch

MicroSD memory Card has no mechanical write protect switch.
