

# Plug in the Power of PNY™

From motherboards, to graphics cards, to PC memory upgrades, to flash media, PNY's high performance line of XLR8® products bring your system performance and computing experience to new heights!

## MOTHERBOARDS

- NVIDIA® based motherboards from PNY provide the ideal backbone for building your family PC for surfing the web all the way through high end boards that support all the latest technological innovations that enthusiasts demand for high intensity applications.

## GRAPHICS CARDS

- NVIDIA® based graphics cards from PNY provide improved graphics performance and capabilities over standard PC graphics, resulting in sharper, crisper images, photos and an ultra-realistic gaming experience.

## MEMORY

- PNY memory upgrades at the fastest speeds in dual channel configuration will unleash your PC's potential and deliver increased performance and responsiveness.

## FLASH MEMORY CARDS and DRIVES

- Designed especially for gamers and enthusiasts, PNY's line of flash memory enables you to store and share games, images, music, and video faster.

**OPTIMIZE YOUR PC**  
with the complete component solution from PNY!
