

## GeForce GTX 275 additional Power requirements

The GeForce GTX 275 graphics card takes power from two sources, the PCI Express edge connector and Two 6-pin PCI-E power connectors

The Table provides the power required from each rail.

<b>Source</b>	<b>Voltage</b>	<b>Maximum Sustained</b>	
		<b>Current</b>	<b>Power</b>
PCI Express Edge Connector			
PEX12V	12V	5.4A	63 W
PEX3V3 *	3.3 V	0.4 A	1.2 W
8-Pin Power Connector			
12 volt power	12 V	6.6 A	80 W
6-Pin Power Connector			
12 volt power	12 V	6.3 A	75 W
Total board power required			219 W
